

NATIONAL CREATIVITY OLYMPIAD

Every child is talented...

8th National Creativity Olympiad 2018

Dear Parent,

We believe that every child is born talented, that every child is creative and that every child is an achiever. We believe that the purpose of assessment is to motivate a child and not to discourage them is to identify strengths not weakness and suggest remedial action not denial.

NCO focuses on three aspects in round one Logical Reasoning, Data Interpretation and Pattern Recognition. Given the time constraint to solve the questions one need to think ***creatively & logically*** to get the correct answer. We believe that students has learned the concepts in the school and this test makes them use those concept and their ability to perform well in the test.

NCO Awards & Accolades

For each standard winner will be declared and they will receive cash prize:

- 1st Prize: Rs. 20,000
- 2nd Prize: Rs. 15,000
- All students securing more than 75 percentile in the Round 1 test will get "***Certificate of Excellence***". All others will get a "***Certificate of Participation***".
